

Wayne William Recall Petition

Wayne Williams has demonstrated a pattern of negotiating on behalf of and voting in favor of the developers and against public interests and public safety. A few examples:

CITY CLERK'S OFFICE
AUG 29 10 21 AM

- ❖ **Broadmoor Convention Center Expansion** - he ignored input from our former fire chief and other fire officials denying evacuation concerns and voted for the developer.
- ❖ **PLDO** - he vigorously defended and voted for a reduction of acreage to be set aside for parklands favoring developers.
- ❖ **2424 Development** - he ignored widespread opposition and testimony from experts regarding the public safety risk and voted against public safety.
- ❖ **Kettle Creek Development** - he actively lobbied for the developer for a proposal that had only 1 egress and claimed less than 1 car/home in a 5 bedroom community.
- ❖ **Kum & Go Development** - he voted against the Planning Commission and public outcry.
- ❖ **Clearance Evacuation Time & Public Safety Ordinance** - he ignored his constituents' ordinance passing the City-ordinance which favored developers.

Nearly **90%** of his campaign funds are from the development community. Additionally, **co-chairing the \$1 billion PPRTA-3 tax with his wife, Holly Williams, and the taxpayer-funded-ad with Jena Griswold** raises serious questions about his ethics.

He consistently betrays the citizens and is a danger to public interest and safety.

Stephannie Fortune Recall Petition

Stephannie Fortune gained office in a highly controversial appointment process. The public objected because:

CITY CLERK'S OFFICE
2022 AUG 29 P 2:14

- ❖ **Carpetbagger:** She moved into the district one month after the seat vacancy was made public - an ethically dubious choice.
- ❖ **Dishonesty:** She testified to City Council she would run for office in 2023, a requirement of Councilmember Williams, and then told the press she wouldn't run.
- ❖ **Unqualified:** All of her opponents actually lived in D3 and were more qualified holding undergraduate and/or graduate credentials.

While in office, she betrayed her constituents:

- ❖ She didn't meet or engage with her constituents regarding the Clearance Evacuation Time & Public Safety Ordinance to protect our public safety. Instead, she did what she was appointed to do: supported the vapid City Ordinance opposing her constituents.
- ❖ She served on the Wildfire Mitigation Tax Reappropriation Committee and didn't lobby to have those mitigation dollars go to the area at highest risk, her District where our leadership says is at highest risk because of the power lines covered in trees and surrounded by houses, the most dangerous fuels.
- ❖ She deceived the Westside Community residents pretending to represent their interests in an orchestrated process to take control of the Westside Community Center for business usage.
